ALTAIR SMARTWORKS IoT SERVICE TERMS

IF LICENSEE DOES NOT AGREE TO ALL OF THESE TERMS AND CONDITIONS, LICENSEE MAY NOT ACCESS OR USE ALTAIR SMARTWORKS IoT. BY CHECKING THE ACCEPTANCE BOX OR INSTALLING OR USING ALL OR ANY PORTION OF THE SOFTWARE OR SERVICE, LICENSEE IS ACCEPTING ALL OF THE TERMS AND CONDITIONS OF THIS AGREEMENT AS PUBLISHED ON ALTAIR SMARTWORKS' IOT WEBSITE AT (AS MAY BE RELOCATED BY ALTAIR FROM TIME TO TIME). IN THE EVENT LICENSEE IS REDIRECTED TO ALTAIR SMARTWORKS' IOT WEBSITE, LICENSEE AGREES THAT LICENSEE'S USE IS SUBJECT TO ANY TERMS OF SERVICE OR PRIVACY POLICIES POSTED THEREON.

This Altair SmartWorks IoT Service Agreement ("Agreement") is between Altair Engineering Inc. ("Altair") or an authorized Altair distributor, reseller, or other business partner that is authorized by Altair in writing to sell the Altair SmartWorks IoT license rights granted under this Agreement ("Reseller") and the licensee (individual or entity) that has purchased (for a fee) (a "Subscription") or obtains (free of charge) (a "Trial") license to Altair SmartWorks IoT Service or Altair Panopticon ("Licensee" or "you" or "your"). Altair SmartWorks IoT and/or Altair Panopticon, as applicable, may hereinafter be referred to as the "Solution". Before you may use the Solution, your consent to the following terms and conditions is required by checking the "I Agree" box. If you are accepting these terms on behalf of another person or company or other legal entity, you represent and warrant that you have full authority to bind that person, company or legal entity to these terms. If you are an individual using the Solution on behalf of a corporation, partnership or other entity, then that entity will be the Licensee, and you represent and warrant that you are authorized to enter into this Agreement on behalf of such entity and bind such entity to the terms and conditions of this Agreement. The "Effective Date" of this Agreement is the date of Licensee's initial access to the Solution through any online provisioning, registration or order process. This Agreement permits the parties to enter into order forms referencing this Agreement for Subscription licenses (each, an "Order Form") which set forth the quantity of Units, as applicable, specifies the fees payable by Licensee, and may contain other terms and conditions. This Agreement includes any and all attachments and referenced policies, including without limitation all Order Forms entered into between the parties.

From time to time, Altair may modify this Agreement. Unless otherwise specified by Altair, changes become effective for existing Subscription Licensees upon renewal of the then-current Subscription Term. For those Licensees accessing Trial licenses, changes shall be deemed accepted by Licensee and become effective immediately upon Licensee's continued use of the Solution. Altair will use reasonable efforts to notify Licensee of the changes through communications through the Solution, email, or other means. Licensee may be required to click to accept the modified agreement before using the Solution in a renewal Subscription Term, and in any event continued use of the Solution during the renewal Subscription Term will constitute Licensee's acceptance of the version of the Agreement in effect at the time the renewal Subscription Term begins.

1. PROVISION OF SERVICES. Altair SmartWorks IoT includes the service and products made available by Altair which enable Licensee to build applications for the Internet of Things ("Altair SmartWorks IoT"). Altair Panopticon is a hosted service permitting Licensee to access Altair's data visualization product ("Altair Panopticon"). The Solution is described more fully in the then-current version of any supporting technical documentation made available to Licensee by Altair ("Documentation"). The Solution shall be made available on a subscription basis for a set term as designated in the applicable Order Form as provided by Altair or a Reseller (each, a "Subscription Term") or at no cost on a trial basis. To the extent applicable, Licensee acknowledges that the cloud computing resources upon which the Solution is hosted are sourced by Altair from a third party cloud service provider, inclusive of hardware, software and platforms (a "Cloud Provider"). Additional terms shall apply to on premise deployments of the Solution and/or private cloud offerings managed by Altair.

2. LICENSE GRANT AND RESTRICTIONS ON USE. Subject to the terms and conditions of the Agreement, Altair hereby grants to Licensee, and Licensee hereby accepts, the following license rights to the Solution upon completion of the Registration Form:

(a) Subscription License. Where specified in an Order Form and upon Altair's receipt of payment of applicable license fees, Licensee is granted a non-exclusive, non-transferable, worldwide right during the applicable Subscription Term to access and use the Solution solely by Permitted Users (as defined below) for Licensee's internal purposes and pursuant to the Documentation and any restrictions set forth in subsection (c) below, and as designated in the applicable Order Form.

(b) Trial License. If the Solutions are accessed by Licensee free of charge, Licensee is granted a limited (subject to Section 10), non-exclusive, non-transferable, worldwide right to access and use the Solution solely by Permitted Users for Licensee's internal purposes and pursuant to the Documentation and any restrictions set forth in subsection (c) below.

(c) Restrictions on Use. Licensee shall not: (a) rent, lease, copy, sell, provide access to or sublicense the Solution to any third party or any license or other rights thereto, in whole or in part, (b) reverse engineer, decompile, disassemble, or otherwise seek to obtain the source code to the Solution, except to the minimum extent expressly required by applicable law (and then only upon advance written notice to Altair), (c) modify the Solution or any Documentation, or create any derivative work from any of the foregoing, (d) remove or obscure any product identification, trademarks, proprietary, copyright or other notices contained in the

Solution (including any reports or data printed via the use of the Solution), (e) incorporate the Solution into any other offering (whether software as a service or otherwise), (f) use the Solution to develop a product which is competitive with any of Altair's or Altair's affiliates product offerings, (g) publicly disseminate information or analysis regarding the performance of the Solution, (h) link any software developed, tested or supported by Licensee or third parties to the Solution or the Share Link (as defined below) (except for Licensee's own proprietary software solely for Licensee's internal use), (i) distribute or make the Solution available over a network where it could be used by multiple devices at the same time, or (j) use the Solution for third-party training, or to deliver software implementation or consulting services to any third parties, or for commercial time-sharing or service bureau use. Licensee's access to and use of the Solution is, at all times, subject to the terms of this Agreement and the applicable terms and conditions of the service offered by the Cloud Provider ("Cloud Provider Terms"). Licensee acknowledges and agrees that Licensee's access to and use of the Solution shall be deemed acceptance of such Cloud Provider Terms. Cloud Provider Terms may be made available to Licensee upon written request to Altair.

3. PERMITTED USERS AND DEVICES. For purposes of this Agreement, "Permitted Users" are Licensee's employees, Licensee's Affiliates' employees, and its independent contractors and consultants who are not competitors of Altair which are (i) engaged in the support of Licensee's business purpose(s), (ii) bound by obligations of confidentiality to Licensee at least as restrictive as the terms hereof, and (iii) agree to use the Solution in strict compliance with the terms of this Agreement. Use of and access to the Solution is permitted only upon Licensee's completion of the SmartWorks IoT registration form located at <https://idp.swx.altairone.com/auth/registration> ("Registration Form") and for use on Permitted Devices which shall be identified on the applicable Order Form for Subscription Licensees and are set forth at: https://help.altair.com/2021/smartworks/topics/get_started/free_trial_limits.htm#reference_avg_t3g_fsb for Trial Licensees ("Permitted Device"). Permitted Users must create their own user IDs and passwords to access the Solution ("Credentials"). These Credentials are obtained by individual, named persons and may not be shared. Licensee will ensure that all Permitted Users keep these Credentials strictly confidential. Licensee is solely responsible for: (i) any and all actions taken by Permitted Users and/or any Permitted Devices connected Solutions; and (ii) anyone using Licensee's accounts and passwords. If you discover any unauthorized use of your Credentials you should immediately change your password and notify Altair's support team. Use of the Solution by all: (i) Permitted Users and (ii) Permitted Device(s) in the aggregate must be within the restrictions set forth herein, and where applicable, in the relevant Order Form. "Affiliate" means each legal entity that is directly or indirectly controlled by Licensee on or after the Effective Date, for so long as such entity remains directly or indirectly controlled by Licensee (where "controlled" means the ownership of, or the power to vote, directly or indirectly, a majority of any class of voting securities of a corporation or limited liability company, or the ownership of any general partnership interest in any general or limited partnership).

4. THIRD-PARTY CODE AND LINKS. Third Party Code. The Solution may contain or be provided with components which are licensed from third parties ("Third Party Code"), including components subject to the terms and conditions of "open source" software licenses ("Open Source Software"). Open Source Software may be identified in the Documentation, or in a list of the Open Source Software provided to Licensee upon written request. To the extent required by the license that accompanies the Open Source Software, the terms of such license will apply in lieu of the terms of this Agreement with respect to such Open Source Software, including, without limitation, any provisions governing access to source code, modification or reverse engineering. Altair does not warrant or endorse and does not assume and will not have any liability or responsibility to Licensee or any other person for Third Party Code. Altair's Third Party Code providers, as third party beneficiaries, shall be entitled to enforce the terms of this Agreement directly against Licensee as necessary to protect such Third Party Code providers' intellectual property rights. **Third Party Links.** Altair may include or recommend third party resources, materials and developers and/or links to third party websites and applications as part of, or in connection with, the Solution. Altair has no control over such sites or developers and, accordingly, you acknowledge and agree that Altair is not responsible or liable for (i) the availability of such external sites or applications; (ii) any content or other materials or performance available from such sites or applications; and (iii) for any damage or loss, directly or indirectly caused or alleged to be caused by or in connection with use of or reliance on any such content, materials or applications.

5. LICENSEE DATA. "Licensee Data" means any business information or other data which Licensee inputs, or provides to Altair, for inputting, into the Solution. Licensee Data may also include, as applicable, data from your devices, program code (like scripts for listeners or rules), text, or files of any type. Altair does not screen Licensee Data and does not review, test, confirm, approve or verify any Licensee Data or the accuracy of any Licensee Data. Your access to and use of the Solution or any content is at your own risk. **General.** Licensee shall ensure that Licensee's use of the Solution and all Licensee Data is at all times compliant with Licensee's own privacy policies (where applicable) and all applicable local, state, federal and international law, regulations and conventions, including without limitation those related to data privacy, international communications and the exportation of technical or personal data. Licensee is solely responsible for the accuracy, content and legality of all Licensee Data. Licensee represents and warrants to Altair that Licensee has sufficient rights in the Licensee Data to authorize Altair to process, distribute and display the Licensee Data as contemplated by this Agreement, and that the Licensee Data and its use hereunder will not violate or infringe the rights of any third party. **Health Information.** Licensee will not submit to the Solution any patient, medical or other protected health information regulated by HIPAA or any similar federal or state laws, rules or regulations ("Health Information") and acknowledges that Altair is not a Business Associate (as defined under 45 CFR 160.103) and that the Solution is not HIPAA compliant. "HIPAA" means the Health Insurance Portability and Accountability Act, as amended and supplemented. Altair shall have no liability under this Agreement for Health Information, notwithstanding anything to the contrary herein. **Payment Card Data.** Licensee will not submit to the Solution any payment card information. Licensee acknowledges that the Solution is not compliant with the Payment Card Industry Data Security Standards. **Ownership.** As between the parties, Licensee shall retain all right, title and interest (including any and all intellectual property rights) in and to the Licensee Data as provided to the Solution.

Subject to the terms of this Agreement, Licensee hereby grants to Altair a non-exclusive, worldwide, royalty-free right to use, copy, store, transmit, distribute, perform and display (including publicly), modify and create derivative works of the Licensee Data to the extent necessary for the Solution to perform as described in the Documentation (the "Licensee Data License"). You also agree that Altair has the right to elect not to accept, post, execute, store, display, publish or transmit any Licensee Data in its sole discretion. You agree that the Licensee Data License is royalty free, irrevocable and worldwide (for so long as Licensee Data is stored by Altair), and include a right for Altair to make such Licensee Data available to, and pass these rights along to, others with whom Altair has contractual relationships related to the provision of the Solution. You understand and agree that Altair, in performing the required technical steps to provide the Solution to Altair's users, may make changes to Licensee Data as necessary to conform and adapt said Licensee Data to the technical requirements of connecting networks, devices, services or media. **No Licensee Data Archiving.** Altair does not provide an archiving service. For Subscription licenses, Licensee Data shall be retained by Altair only for the duration of the Subscription Term, but in no case shall such Licensee Data be retained for more than a twelve (12) month period. For Trial licenses, Licensee Data shall be deleted thirty (30) days after it is input into the Solution. Altair expressly disclaims all other obligations with respect to storage. **Solution Log Data.** In addition to the license rights specified above in this Section 5, Altair may aggregate Licensee's metadata and usage data, to the extent applicable, including but not limited to Licensee's userid, data queries, and actions performed within the Solution, inclusive of any Solution performance characteristics ("Solution Log Data"). The Solution Log Data will be deemed Altair Technology (as defined in Section 8 below), and Licensee acknowledges that Altair may use the Solution Log Data (i) for its own internal, statistical analysis, (ii) to develop and improve the Solution and (iii) to create and distribute reports and other materials regarding use of the Solution. For clarity, nothing in this Section 5 gives Altair the right to publicly identify Licensee as the source of any Solution Log Data without Licensee's prior written consent. **Licensee Data Security.** Altair does not take any responsibility for any loss or unauthorized distribution of Licensee Data. There are limited circumstances in which Altair may have the need to review part or all of your Licensee Data, as provided in Altair's Privacy Policy. Except as described herein and in Altair's Privacy Policy, unless you elect to enable others to view or have access to Licensee Data you submit to the Solution, no one else should see your Licensee Data without your consent. The Solution enables you to use third party services and applications that interact with the Solution and your Licensee Data, and you should review the access rights you provide to those services or applications, as you may enable them to access your Licensee Data through your agreements with those parties. **Licensee Data Portability.** Altair incorporates tools in the Solution to let you share or export Licensee Data into files or make it accessible through web services or APIs, subject to the terms of this Agreement and subject to compliance with Altair's Privacy Policy. **Public Features.** To the extent applicable, Altair may provide interactive features that allow Licensee, in its sole discretion, to share models, reports, and information generated by its use of the Solution with people other than Licensee's Permitted Users through the creation of a user specific url ("Share Link"). Licensee may provide its Share Link directly to another person or post it on publicly accessible websites such as Facebook and LinkedIn. Licensee is solely responsible for the distribution of its Share Link.

6. ALTAIR MARKETPLACE. Altair's Marketplace is made available to Permitted Users accessing SmartWorks IoT and allows such Permitted Users the ability to access various IoT applications developed both by Altair and third parties. By accessing Altair's Marketplace, Permitted Users agree to comply with the Altair SmartWorks Supplemental Terms and Conditions found at: <https://terms.swx.altairone.com/marketplace.pdf>.

7. HIGH RISK ACTIVITIES. The Solution is not fault-tolerant and is not designed, manufactured or intended for use as or with on-line control equipment in hazardous environments requiring fail-safe performance, such as in the operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, direct life support machines or weapon systems in which the failure of the Solution could lead directly to death, personal injury or severe physical or environmental damage ("High Risk Activities"). Accordingly, Altair and its suppliers specifically disclaim any express or implied warranty of fitness for High Risk Activities.

8. OWNERSHIP. Altair Technology. This is an agreement for use of the Solution and not an agreement for sale. Licensee acknowledges that it is obtaining only a limited right to use the Solution on a hosted basis and that irrespective of any use of the words "purchase", "sale" or like terms hereunder no ownership rights are being conveyed to Licensee. Licensee agrees that Altair or its suppliers retain all right, title and interest (including all patent, copyright, trade secret and other intellectual property rights) in and to the Solution, the Documentation, any other Altair deliverables and any and all related and underlying software (including interfaces), databases (including data models, structures, Aggregated Anonymous Data and any other non-Licensee specific data and statistical data), technology, reports and documentation and all copies, modifications and derivative works thereof (including any changes which incorporate any Feedback) (collectively, "Altair Technology"). Further, Licensee acknowledges that the Solution is offered, where applicable, as an on-line, hosted solution, and that Licensee has no right to obtain a copy of the Solution code itself. Nothing in this Section 8 shall be deemed as granting Altair ownership of Licensee Data or in any way impacting Licensee's ownership of Licensee Data. **Feedback.** Licensee, from time to time, may submit comments, information, questions, data, ideas, descriptions of processes, or other information to Altair ("Feedback"). Altair may in connection with any of its products or services freely use, copy, disclose, license, distribute and exploit any Feedback in any manner without any obligation, royalty or restriction based on intellectual property rights or otherwise.

9. SUBSCRIPTION TERM, FEES & PAYMENT. Subscription Term. For Subscription licenses, the Subscription Term shall be identified on the applicable Order Form. Any renewals require mutual agreement and all applicable fees for such renewals will be at Altair's or its Reseller's then-current rates. If Licensee's Subscription license is not renewed, Licensee's access to the Solution will terminate at the end of the then-current Subscription Term unless provided otherwise in this Agreement. Notwithstanding the foregoing, Licensee shall be permitted to access the Solution with limited functionalities via a Trial license. **Fees and Payment.** All fees are prepaid and are set forth in the Order Form. All fees are non-refundable. Unless timely provided with a valid certificate of exemption or other evidence that items are not taxable, Licensee will be invoiced for all applicable taxes including, but not limited to, VAT, GST, sales tax, consumption tax and service tax. Licensee will make all payments free and clear of, and without

reduction for, any withholding or other taxes; any such taxes imposed on payments by Licensee hereunder will be Licensee's sole responsibility.

10. TERM AND TERMINATION. Term. This Agreement is effective as of the Effective Date and shall remain in effect until terminated as provided herein. Subscription licenses shall have a 12-month term of use, unless otherwise specified in the applicable Order Form. Trial licenses shall terminate upon Altair's decommissioning of the Solution. **Termination for Cause.** Either party may terminate this Agreement (including all related Order Forms and Subscription Terms) if the other party (a) fails to cure any material breach of this Agreement within thirty (30) days after written notice; (b) ceases operation without a successor; or (c) seeks protection under any bankruptcy, receivership, trust deed, creditors' arrangement, composition, or comparable proceeding, or if any such proceeding is instituted against that party (and not dismissed within sixty (60) days thereafter). Notwithstanding the foregoing, Altair retains the right to terminate this Agreement immediately if Licensee breaches the terms of Sections 2, 8, or 14 of this Agreement. **Effect of Termination.** Upon any termination or expiration of this Agreement, Licensee shall immediately cease any and all use of and access to the Solution and delete (or, at Altair's request, return) any and all copies of the Documentation, any Altair passwords or access codes and any other Altair Confidential Information in its possession. Licensee acknowledges that, except as exported or printed prior to termination or expiration by Licensee as may be permitted through the functionality of the Solution, following termination or expiration, Licensee shall have no further access to any Licensee Data input into the Solution, and that Altair may delete any such data at any time. Except where an exclusive remedy is specified in this Agreement, the exercise by either party of any remedy under this Agreement, including termination, will be without prejudice to any other remedies it may have under this Agreement, by law, or otherwise.

11. NO WARRANTY. NEITHER ALTAIR NOR ANY OF ITS SUPPLIERS MAKES ANY WARRANTIES, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE OR NONINFRINGEMENT. ALTAIR DOES NOT WARRANT THAT: (A) THE SOLUTION WILL MEET ALL OF YOUR REQUIREMENTS; (B) THE SOLUTION WILL BE UNINTERRUPTED, TIMELY, SECURE, OR ERROR- FREE; (C) ALL ERRORS IN THE SOLUTION WILL BE CORRECTED; (D) IT WILL REVIEW LICENSEE DATA FOR ACCURACY; OR (D) IT WILL PRESERVE OR MAINTAIN LICENSEE DATA WITHOUT LOSS. ANY MATERIAL DOWNLOADED OR OTHERWISE OBTAINED THROUGH THE USE OF THE SOLUTION IS DONE AT YOUR OWN DISCRETION AND RISK AND YOU ARE SOLELY RESPONSIBLE FOR ANY DAMAGE TO YOUR COMPUTER SYSTEMS OR OTHER DEVICE OR LOSS OF DATA THAT RESULTS FROM THE DOWNLOAD OF ANY SUCH MATERIAL. LICENSEE MAY HAVE OTHER STATUTORY RIGHTS. HOWEVER, TO THE FULLEST EXTENT PERMITTED BY LAW, ANY STATUTORILY REQUIRED WARRANTIES SHALL BE LIMITED AS PROVIDED HEREIN. ALTAIR SHALL NOT BE LIABLE FOR DELAYS, INTERRUPTIONS, SERVICE FAILURES AND OTHER PROBLEMS INHERENT IN USE OF THE INTERNET AND ELECTRONIC COMMUNICATIONS OR OTHER SYSTEMS OUTSIDE THE REASONABLE CONTROL OF ALTAIR, SPECIFICALLY INCLUDING ANY CLOUD PROVIDER SERVICES. ACCESS TO THE SOLUTION VIA A TRIAL LICENSE (FREE OF CHARGE) IS PROVIDED ON AN "AS IS", "AS AVAILABLE" BASIS WITHOUT ANY WARRANTY OF ANY KIND.

12. SUPPORT. Licensees will be eligible to receive telephone and email support for the Solution.

13. LIMITATION OF REMEDIES AND DAMAGES. NEITHER PARTY SHALL BE LIABLE FOR ANY LOSS OF USE, LOST OR INACCURATE DATA, FAILURE OF SECURITY MECHANISMS, INTERRUPTION OF BUSINESS, COSTS OF DELAY OR ANY INDIRECT, SPECIAL, INCIDENTAL, RELIANCE OR CONSEQUENTIAL DAMAGES OF ANY KIND (INCLUDING LOST PROFITS), REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR OTHERWISE, EVEN IF INFORMED OF THE POSSIBILITY OF SUCH DAMAGES IN ADVANCE. ALTAIR'S ENTIRE LIABILITY AND OBLIGATION TO LICENSEE SHALL NOT EXCEED THE AMOUNT OF FIFTY DOLLARS (\$50.00). YOU AGREE NOT TO BRING ANY SUIT OR ACTION AGAINST ALTAIR, AND/OR ITS SUBSIDIARIES AND AFFILIATES, ALTAIR'S LICENSORS AND/OR ANY OF THEIR RESPECTIVE DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS FOR ANY REASON WHATSOEVER MORE THAN ONE (1) YEAR AFTER THE CAUSE OF ACTION ARISES.

14. CONFIDENTIAL INFORMATION. Each party (as "Recipient") agrees that all code (if any), inventions, know-how, business, technical and financial information it obtains from the disclosing party ("Discloser") constitute the confidential property of the Discloser ("Confidential Information"), provided that it is identified as confidential at the time of disclosure. Any Licensee Data and any Altair Technology and performance information relating to the Solution shall be deemed Confidential Information without any marking or further designation. Except as expressly authorized herein, the Recipient will hold in confidence and not use or disclose any Confidential Information. Confidential Information shall not include information which: a) is or becomes part of the public domain through no fault of the Recipient; b) is lawfully received by the Recipient from a third party having the right to disclose such information; c) is disclosed by the Recipient with the prior written approval of the Discloser; d) was known to the Recipient prior to receipt from the Discloser; or e) is independently developed by the Recipient without a breach of this Agreement. If the Recipient is required by a government body or court of law to disclose Confidential Information, the Recipient agrees to promptly notify the Discloser so that the Discloser may seek an appropriate protective order or other relief. The Recipient acknowledges that disclosure of Confidential Information could cause substantial harm for which damages alone would not be a sufficient remedy, and therefore upon any such disclosure by the Recipient the Discloser shall be entitled to seek appropriate equitable relief in addition to whatever other remedies it might have at law.

15. GENERAL TERMS. Assignment. This Agreement may not be assigned by Licensee without the prior written permission of Altair. **Severability.** If any provision of this Agreement shall be adjudged by any court of competent jurisdiction to be unenforceable or invalid, that provision shall be limited to the minimum extent necessary so that this Agreement shall otherwise remain in effect. **Governing Law.** Excluding conflict of laws rules, this Agreement shall be governed by and construed under the laws of the State of Michigan. The parties agree that all disputes shall be subject to the jurisdiction of courts in the State of Michigan. The United Nations Convention on Contracts for the International Sale of Goods and the Uniform Computer Information Transactions Act, as currently enacted by any jurisdiction or as may be codified or amended from time to time by any jurisdiction, do not apply to this Agreement. **Altair's Licensee List.** Licensee agrees that Altair may disclose Licensee's name and logo as a customer of Altair. **Notice.** Any notice or communication required or permitted under this Agreement shall be in

writing to the parties at the addresses set forth on the Order Form or at such other address as may be given in writing by either party to the other in accordance with this paragraph and shall be deemed to have been given upon actual receipt. **Amendments; Waivers.** No supplement, modification, or amendment of this Agreement shall be binding, unless executed in writing by a duly authorized representative of each party to this Agreement. No waiver will be implied from conduct or failure to enforce or exercise rights under this Agreement, nor will any waiver be effective unless in a writing signed by a duly authorized representative on behalf of the party claimed to have waived. No provision of any purchase order or other business form employed by Licensee, including any electronic invoicing portals and vendor registration processes, will supersede the terms and conditions of this Agreement, and any such document relating to this Agreement shall be for administrative purposes only and shall have no legal effect. Notwithstanding the foregoing, this paragraph does not limit Altair's rights to modify this Agreement as set forth in the preamble section above. **Entire Agreement.** This Agreement, including, where applicable, each Order Form, and any other mutually agreed exhibits or attachments, constitute the entire agreement between Licensee and Altair and supersedes all previous written and oral agreements and communications relating to the subject matter of this Agreement. Licensee acknowledges that the Solution is an on-line product, and that Altair may make changes to the Solution, and Altair will update the Documentation accordingly. **Audit Rights.** Upon Altair's written request, Licensee shall furnish Altair with a signed certification certifying that the Solution is being used pursuant to the terms of this Agreement, including any access and user limitations. With prior reasonable notice, Altair may audit the use of the Solution by Licensee provided such audit is during regular business hours. Licensee is responsible for such audit costs only in the event the audit reveals that Licensee's use of the Solution is not in accordance with the permitted scope of use. **Force Majeure.** Neither party shall be liable to the other for any delay or failure to perform any obligation under this Agreement (except for a failure to pay fees) if the delay or failure is due to unforeseen events which occur after the signing of this Agreement and which are beyond the reasonable control of such party, such as a strike, blockade, war, act of terrorism, riot, natural disaster, failure or diminishment of power or telecommunications or data networks or services, or refusal of a license by a government agency. **Independent Contractors.** The parties to this Agreement are independent contractors. Neither party will have the power to bind the other or incur obligations on the other party's behalf without the other party's prior written consent. **Government End-Users.** The Solution is based upon commercial computer software. If the Permitted User or Licensee of the Solution is an agency, department or other entity of the United States Government, the use, duplication, reproduction, release, modification, disclosure or transfer of the Solution, or any related documentation of any kind, including technical data and manuals, is restricted by a license agreement or by this Agreement in accordance with Federal Acquisition Regulation 12.212 for civilian purposes and Defense Federal Acquisition Regulation Supplement 227.7202 for military purposes. The Solution was developed fully at private expense. All other use is prohibited. Export Control. In its use of the Solution, Licensee agrees to comply with all export and import laws and regulations of the United States and other applicable jurisdictions. Without limiting the foregoing, (i) Licensee represents and warrants that it is not listed on any U.S. government list of prohibited or restricted parties or located in (or a national of) a country that is subject to a U.S. government embargo or that has been designated by the U.S. government as a "terrorist supporting" country and (ii) Licensee shall not (and shall not permit any of its Permitted Users or others to) access or use the Solution in violation of any U.S. export embargo, prohibition or restriction.
